### **RestyleMe.com – Free Personal Style Advice Service**

May 22, 2008 – We are pleased to announce the grand opening of RestyleMe.com, an innovative website has been launched to fill a gap for a service providing free personal style advice. It achieves this with its revolutionary voting system and tools that have never been used for this purpose on the internet before.

RestyleMe.com is a style advice website that allows you to rate other people's style or fashion sense. RestyleMe.com is very different than other photo rating applications. Instead of using a 1-10 rating or stars, RestyleMe.com allows people to indicate what exactly they should keep or change regarding their style (hair, clothing and etc). RestyleMe.com is loaded with never-seen-before features on a fashion website such as pinpoint photo marking, you can mark on users' photos with a single click and give them feedback about their style with pinpoint accuracy; tagging of clothing items, you can tag style items or brands by selecting areas on your profile photo; detailed bar graph results, you can view detailed stats about people's opinion on your style shown with bar graphs.

Also featuring social networking components like friend / favorite lists and user-friendly messaging, RestyleMe.com offers you unique tools to show off or improve your style.
